Optional CIS Rapid Care Hotline Participation

CIS is continuing the popular and cost-cutting program, Rapid Care for participants of the CIS Servicing Group.

Rapid Care is a telephone hotline where injured employees talk to a nurse who provides helpful information and completes the employee portion of the 801. The nurse does not direct medical care.

The cost is \$115 per claims event. CIS will cover the cost for members who had CIS workers' compensation coverage in FY 2020-21. All others will be charged annually.
